

This week on the LPGA Tour: Amundi Evian Championship at Evian Resort Golf Club

Aon Insight

The 18th at Evian Resort Golf Club presents a closing challenge, especially off the tee. This narrow par five is the most difficult fairway to hit on the golf course over the last three years (49%). It also ranked as the fifth-toughest on the entire LPGA Tour in that span among all par 5's. A precise drive, however, unlocks the true scoring potential here: players who hit the fairway are more than three times as likely to go for the green in two. That better decision has led to gaining more than one-third of a stroke on the field in both 2022 and 2023.

What is the Aon Risk Reward Challenge?

The Aon Risk Reward Challenge is a season-long competition on the LPGA Tour testing the abilities of the world's best players to make thoughtful, strategic decisions on the most challenging holes ("Aon Risk Reward Challenge holes") throughout the year.

At the end of the regular season, the most consistent player on Tour, with the lowest average score under par, on the Aon Risk Reward Challenge holes captures the \$1 million prize and the Aon trophy.

Aon's Risk Reward Challenge Scoring

One hole is selected at each tournament as the designated Aon Risk Reward Challenge hole for the week (hole is strategically challenging in nature).

For every participating event, a player's best two scores on the designated hole counts towards the season-long leaderboard.

The player with lowest average score under par across the regular season wins the Aon Risk Reward Challenge and will be awarded at the CME Group Tour Championship.

Aon and the PGA TOUR

The 2024 season will showcase the next evolution of Aon's partnership with the PGA TOUR, which will integrate the use of real-time analytics and capitalize on changes to the TOUR's reimagined 2024 schedule.

Aon will headline the Aon Next 10 and the Aon Swing 5, which recognize better decision-making and the elite performance required to break into Signature Events. **Key elements of the Aon Risk Reward Challenge program have evolved to "Better Decisions Breakdown" segments that use emerging technology to provide real-time analysis of player decisions.
