

This week on the LPGA Tour:

Mizuho Americas Open at Liberty National Golf Club

Aon Insight

The 16th at Liberty National is a short par four that plays dramatically different depending on which tee box is in play. With the back tees in play in rounds one and two last year, almost nobody in the field was able to go for the green. With the tees moved up on the weekend, more than 63% made the better decision to go for it - with the field making birdie or eagle nearly half the time. Rose Zhang's tee shot in the third round found the green and gained 1.2 strokes on the field as she went on to an historic win.
