Temp (min/max)	45/54	47/65	41/57	34/56
Winds (mph)	LV → NNE 5-10	LV → N 5-10	LV → NNW 5-10	LV → NNE 5-10

**Extended Forecast** – Showers are likely tomorrow as another low pressure system moves across the region. Under an inch of total rainfall is expected with this wave. A slight chance of showers will linger into Sunday with less than a tenth of an inch of rainfall expected. Partly cloudy skies will then be in place early next week. Overnight lows will be in the 40s trending to the mid-30s by Tuesday morning with daytime highs in the mid-50s to mid-60s. Winds will remain generally light through the period.
