### Aon Insight

Hole    Par    Yards

The 12th at TPC Boston, playing as a par 5 this week, is a slight dogleg left that provides a scoring opportunity where players will have to take elevation changes into consideration. Overall, players who find the fairway with their drive are likely to go for the green 57% of the time, while only 32% of players are expected to go for the green from the rough. A missed fairway on this hole will cost players about one quarter of a stroke. Finding the fairway on this hole from the uphill tee shot is premium, where carry will be important. With the approach shot playing downhill, players will consider going for the green or laying-up based on their position off the tee.

### What is the Aon Risk Reward Challenge?

The Aon Risk Reward Challenge is a season-long competition on the LPGA Tour testing the abilities of the world's best players to make thoughtful, strategic decisions on the most challenging holes ("Aon Risk Reward Challenge holes") throughout the year.

At the end of the regular season, the most consistent player on Tour, with the lowest average score under par, on the Aon Risk Reward Challenge holes captures the \$1 million prize and the Aon trophy.

### Aon's Risk Reward Challenge Scoring

One hole is selected at each tournament as the designated Aon Risk Reward Challenge hole for the week (hole is strategically challenging in nature). For every participating event, a player's best two scores on the designated hole counts towards the season-long leaderboard.

The player with lowest average score under par across the regular season wins the Aon Risk Reward Challenge and will be awarded at the CME Group Tour Championship.

### Aon and the PGA TOUR

The 2025 season will showcase the continuation of Aon's partnership with the PGA TOUR, which will integrate the use of real-time analytics and capitalize on changes to the TOUR's Signature Event model and qualification.

Aon headlines the Aon Next 10 and the Aon Swing 5, which recognize better decision-making and the elite performance required to break into Signature Events. **Key elements of the Aon Risk Reward Challenge program have evolved to "Better Decision Breakdown" segments that use emerging technology to provide real-time analysis of player decisions.
