Extended Forecast – Some isolated areas of fog will be possible each morning through the period with the favored mornings being tomorrow and Friday morning. Aside from the threat of fog, partly cloudy skies will be around each morning with mostly sunny skies expected into the afternoon. Overnight lows will be in the lower to mid-60s with daytime highs in the lower 80s. Light and variable winds each morning will trend generally SW with afternoon gusts around 15 mph.

Forecast prepared by DTN meteorologist Marcus Hustedde.
