

LPGA “Moms on Tour”

Becoming a parent is a life-changing experience for anyone who has a child, but for professional female athletes, becoming a mom also brings some unique challenges. The LPGA has worked to provide programs and policies to help its players pursue their goals both as an elite athlete and a mom while helping them to thrive both on and off the golf course as they travel with their young children.

The LPGA Child Development Center

The LPGA pioneered the concept of providing the children of its athletes with consistent, high-quality and familiar child development services. The LPGA Child Development Center was the first traveling childcare center in the world of professional sports and has been with the LPGA Tour for more than 25 years. The program has provided childcare services to LPGA athletes and staff since its inception, and it is vital to helping the athlete moms continue their careers after having children.

Three full-time credentialed child development staff members travel to each North American event to care for the children of LPGA Tour moms. Week after week, as the LPGA Tour travels, the children receive consistent care and education because these same staff members travel with the center. The facility is also supported by temporary credentialed staff and volunteers.

LPGA Maternity Policy

In 2019, the LPGA introduced an updated maternity policy aimed at providing new moms with enhanced flexibility regarding maternity leave. We regularly review the policy to ensure it remains pro-athlete and pro-mom, structured to offer moms flexibility and options during their maternity leave.

- Athletes can take maternity leave in the year of the child's birth, the year after, and in certain limited circumstances, the year prior to the child's birth.
- Moms have up to two years from the date of the baby's birth to return to playing.
- Upon return, moms retain the same status they held entering the season of maternity leave and have 12 months (equivalent to the same number of tournaments) to compete at that status.

In addition to the updated LPGA maternity policy, all five majors on the LPGA Tour schedule now include maternity clauses. These clauses exempt athletes who qualified for the previous year's championship but did not compete due to maternity.
