

FRIDAY, MARCH 6, 2026 – 6 AM WEATHER FORECAST

Sustained wind speeds continue in the 8 to 15mph range today, mainly from the east-northeast direction again. Gusts approach the low 20s, especially in the afternoon. The sky cover is expected to be sunnier than Thursday, with a mixed bag of clouds throughout the day. The stable atmosphere provides a precip-free forecast for the day, and most likely Saturday as well. Sunday does introduce the chance of raindrops, particularly after 9 AM, but this threat is minimal altogether.
