

The Chevron Championship

Memorial Park Golf Course

April 23-26, 2026

Tournament Course Setup Notes and Daily Yardages

Grass Types and Cutting Heights

Tees, Fairways and Rough:

The Tees, Fairways, and Rough are 419 Bermuda Grass overseeded with Ryegrass. Tees are mown each morning at .350". Fairways are mown each morning at .375". The Rough was mown during advance week to maintain a height of cut at 2.5".

Greens:

Greens are MiniVerde overseeded with Poa Trivialis. They are double mown at .100" and single rolled each morning to maintain a speed of 11.5' - 12'. Additional maintenance practices may be performed to maintain speed throughout tournament week.

Approaches / Green Surrounds:

Approaches and Collars are 419 Bermuda Grass overseeded with Ryegrass. Approaches and Collars are mown every morning at .350".

Golf Course and Site Information:

Memorial Park Golf Course is a premier parkland course located in the heart of Houston. As a municipal facility, it uniquely serves both everyday golfers and the highest levels of professional competition, hosting both a PGA Tour event as well as The Chevron Championship.

The course underwent a complete redesign by renowned architect Tom Doak in 2019. Doak's design strikes a thoughtful balance: the course can be set up to challenge the world's best players while remaining accessible to the average golfer. The green complexes are a defining feature, elevated above the surrounding fairways and demanding precision on approach shots. Misses in the wrong areas make recovery difficult, placing a premium on accuracy and short-game skill. Notably, the course uses minimal sand bunkering and features limited water penalty areas, relying instead on contouring, angles, and green complexes to test players.

Additional Daily Maintenance Information:

Average green speed this morning was 12.3'.

Hole-by-Hole Daily Yardages and Tee Information

Hole	Official Yardage	Par	Round 1	Round 2	Round 3	Round 4	Tee Comments
