The final hole at Evian Resort Golf Club provides an excellent scoring opportunity for players who make smart decisions from tee to green. The par-5 18th features the most difficult fairway to hit on the course and ranked as the fifth-toughest par-5 fairway to hit on the LPGA Tour last season. Despite that challenge, Go-for-Green Rate increased by more than 11% from the previous year, highlighting players' growing willingness to take on the risk. Last year's champion, Grace Kim, showcased the ideal blueprint. She hit the fairway on all four rounds (+0.56 Strokes Gained: Off the Tee), with drives exceeding 250 yards each day, setting up three birdies and an eagle on the 18th en route to her breakthrough major victory.

What is the Aon Risk Reward Challenge?

The Aon Risk Reward Challenge is a season-long competition on the LPGA Tour testing the abilities of the world's best players to make thoughtful, strategic decisions on the most challenging holes ("Aon Risk Reward Challenge holes") throughout the year.

At the end of the regular season, the most consistent player on Tour, with the lowest average score under par, on the Aon Risk Reward Challenge holes captures the \$1 million prize and the Aon trophy.

Aon's Risk Reward Challenge Scoring

One hole is selected at each tournament as the designated Aon Risk Reward Challenge hole for the week (hole is strategically challenging in nature).

For every participating event, a player's best two scores on the designated hole counts towards the season-long leaderboard.

The player with lowest average score under par across the regular season wins the Aon Risk Reward Challenge and will be awarded at the CME Group Tour Championship.

Aon and the PGA TOUR

The 2026 season will showcase the continuation of Aon's partnership with the PGA TOUR, which will integrate the use of real-time analytics and capitalize on changes to the TOUR's reimagined 2026 schedule.
