

The Amuni Evian Championship

Evian-le-Bains, France

July 9 - 12, 2026

Tournament Course Setup Notes and Daily Yardages

Grass Types and Cutting Heights

Tees, Fairways and Rough:

Tees and fairways consist of a mixture of Bentgrass and Poa annua and are maintained at a height of 11 mm. Tees are mown each morning, while fairways are mown each evening. The rough, comprised of Bluegrass and Fescue, is maintained at 90 mm.

Greens:

Greens are composed of a mixture of Bentgrass and Poa annua. They are double-cut to a height of 3.2 mm and single-rolled each morning, with an additional single cut performed in the evening as required to maintain a green speed of 11 ft 6 in to 12 ft.

Approaches / Green Surrounds:

Approaches and collars also consist of a mixture of Bentgrass and Poa annua and are mown each morning to a height of 11 mm.

Golf Course and Site Information:

Following last year's Championship, Evian Resort Golf Club has expanded the greens on holes #1 and #5. Hole #1 green has been extended to the back right. Hole #5 green has been significantly lengthened, with the expansion extending closer to the penalty area.

Additional Daily Maintenance Information:
