Winds (mph)	Light and Variable	Light and Variable	Light and Variable	Light and Variable	W 5-10	W 5-10

Tuesday – Showers and thunderstorms in the area are expected to remain away from the course and weaken over the next few hours. This will lead to a mostly dry and cloudy morning. A few brief sprinkles remain possible. Drier and partly cloudy skies are expected in the afternoon with a chance of afternoon pop-ups late. Temperatures will increase to the upper 80s and feel like the 90s when the sun is out. Winds will remain light throughout the morning with a chance of a sea breeze and 10 mph west winds in the afternoon. **Rainfall: 0.10-0.20" | Sunrise: 6:56am/Sunset: 7:57pm**

Extended forecast – Wednesday through Friday will see a return to the dry and mostly sunny morning and afternoons, with showers and thunderstorms developing late afternoon. Some activity may linger Friday night into Saturday morning, but then lower chances of the afternoon activity is expected Saturday and Sunday. The temperatures and winds will be steady throughout the week with a high temperature near 90 each day and a low overnight in the upper 70s. Wins will be light in the morning and a sea breeze each afternoon will lead to westerly winds near 10 mph.
