**Friday** – A very similar day to yesterday is expected. The morning will be dry and mostly sunny. Beginning in the early afternoon thunderstorms and showers are expected to begin to form in the area.

Thunderstorms are likely to remain away from the course until after 3pm. Winds will remain light in the morning, but a west wind may develop again. Sustained winds will be less than 10mph, but wind gusts of 15-20 are likely if the sea breeze develops. Temperatures will increase to near 90F.

**Rainfall: 0.25-0.50", 1.00"+ in thunderstorms | Sunrise: 6:56am/Sunset: 7:57pm**

**Extended forecast** – Saturday may have some showers or cloud cover in the morning, but some clearing is expected by mid morning. Afternoon shower and thunderstorms chances are slightly lower Saturday and Sunday than they were Thursday and Friday. Any thunderstorm can produce over an inch of rain quickly and bring gusty winds to the area. The temperatures and winds will be steady throughout the week with a high temperature near 90 each day and a low overnight in the upper 70s. Winds will be light in the morning and a sea breeze each afternoon will lead to westerly winds near 10 mph.
