Extended forecast – Friday will feature similar conditions to Wednesday/Thursday with a dry and mostly sunny morning and afternoon, and showers and thunderstorms developing late afternoon. Some activity may linger Friday night into Saturday morning, but then lower chances of the afternoon activity is expected Saturday and Sunday. The temperatures and winds will be steady throughout the week with a high temperature near 90 each day and a low overnight in the upper 70s. Wins will be light in the morning and a sea breeze each afternoon will lead to westerly winds near 10 mph.
