

WEDNESDAY, JUNE 3, 2026 - 5 PM U.S. WOMEN'S OPEN FORECAST

The marine layer is on the move, working its way back to the coast providing us the first overcast evening we have had this week. Prior to its arrival temperatures will settle into the low 60s cooling overnight in the upper-50s for the start of the first round Thursday. As those clouds arrive winds will taper off, sliding over to the east/northeast early this morning before becoming light and variable for the first couple of hours tomorrow prior to the loss of the marine layer. As it evaporates mid-morning, temperatures and winds will increase with flow then returning back over to the southwest through the afternoon into the evening while temperatures take advantage of the clear skies allowing highs to return into the low 70s as the last groups are beginning their rounds.
